

7TH September 2026

Dear Parents / Carers of Beech (Y4) & Cedar (Y5) classes

Trip to RAF Cosford - Forces in STEM (Science, Technology, Engineering and Math) event

On **Wednesday 23rd September 2026**, Beech (Y4) & Cedar (Y5) class have been invited us to the 'Forces in STEM' event at RAF Cosford.

Forces in STEM is a large STEM event that brings together the armed forces, leading aerospace companies and local businesses. There will be over 30 drop-in hands-on STEM activities for students to participate in.

The event is delivered in partnership with the Royal Air Force Youth STEM team, this event features the very best of the Midlands region, showcasing the fantastic work carried out by the companies and institutions that are innovating, researching and manufacturing across the STEM spectrum.

Please ensure children are in school for **8:00am**, as we will be leaving shortly after this time in order to arrive at the start of the event.

The event finishes at **2.30pm** and we hope to be back to school by approx. **3.45pm** but will keep parents updated via text on the day.

All children will require full school uniform and will need to bring a packed lunch and a water bottle with them, unless they are Free School Meals, in which case the school will provide one for them. If you would prefer to provide your own packed lunch from home, please let the office know.

Many schools are attending the event and RAF Cosford encourage schools to take photos throughout the day. These photos may be reproduced, published and used in media by RAF Cosford for the purposes of learning, promotion and advertising.

If you would NOT like your child to be photographed, please contact the school office ASAP but no later than Friday 11th September 2026.

Thank you for your continued support.

Mr I Hussain

Beech (Y4) Class Teacher

Mr A Hayward

Cedar (Y5) Class Teacher
