

2nd March 2026

Dear Parents and Carers,

British Science Week – 9th -15th March 2026

We are pleased to share that our school will be taking part in British Science Week starting Monday 9th March. This national celebration, run by the British Science Association, highlights the importance of science, technology, engineering and maths through engaging activities for children and adults across the UK.

The theme for 2026 is “**Curiosity: what’s your question?**” and in science lessons, children will enjoy a variety of hands-on investigations designed to spark their imagination and encourage them to explore the world around them.

We look forward to a fantastic week of learning and discovery.

Kind regards,

Mrs Frost
Assistant Headteacher
